Selecting a Court Date

15. A return date from the pop-up calendar must be chosen when the case requires a "Return Date" (A return date is required if a summons is being issued.) If a court date is required on the filing as well, the system will generate the court date after the filing is accepted. If you are not sure if a return date is required, click "Validate" and if a return date is required the system will provide you with the first available return date, and if a return date is not required the system will place a check in the "Return Date Not Applicable" box.
16. In the Civil Division and Law Division, the hearing box may display dates when filing into an existing case. DO NOT choose a hearing Date unless the filing requires it. If you have questions whether a hearing date is required call the Division or Suburban District where the case is being heard. Contact information is available on the Clerk's Office's website www.cookcountyclerkofcourt.org.
17. To get a court date for post judgment cases in Civil Municipal Districts 1-6 you must select "Return Date" to get a court date.
